MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science & Technology
Deputy Director for Support

SUBJECT : Briefing for Mr. Ralph Preston

1. I am sending along a briefing schedule for Ralph Preston and some biographic information on him.

2. I am sure you recognize the importance of this briefing, since Mr. Preston will have a very substantial influence on our requests for appropriations and our relations with Mr. Mahon's subcommittee in general. This, however, will not be a budget briefing. I will attempt to brief him on our organization, mission, and functions in a general way, and each Deputy Director is expected to brief him on what he does, why it is important, etc., without attaching any dollar or personnel figures to the presentation. We expect Mr. Preston to return a few days later for a budget briefing which John Clarke and I will handle.

STATINTL

L. K. White
